In March 2019, the Cabinet Social Wellbeing Committee agreed to the release of the draft strategy for New Zealand’s ageing population for a second phase of public consultation. The proactive release of the Cabinet paper and related documents help to show how the Strategy has been developed and refined.

Some minor refinements have been made to the Strategy since it was considered by Cabinet. The final version of the Strategy can be found on this webpage:

Some parts of this information release would not be appropriate to release and, if requested, would be withheld under the Official Information Act 1982 (the Act). Where this is the case, the relevant sections of the Act that would apply have been identified. Where information has been withheld, no public interest has been identified that would outweigh the reasons for withholding it. This is the key to the redaction code used for this release:

- Section 9(2)(a) –This information is withheld to protect the privacy of natural persons. The need to protect the privacy of these individuals outweighs any public interest in this information.
- Out of scope – Material unrelated to the information released.

The following documents that accompanied/relate to the Cabinet paper are already public:
