Some parts of this information release would not be appropriate to release and, if requested, would be withheld under the Official Information Act 1982 (the Act). Where this is the case, the relevant sections of the Act that would apply have been identified. Where information has been withheld, no public interest has been identified that would outweigh the reasons for withholding it. This is the key to the redaction codes used for this release:

- Out of scope – material unrelated to the information released.

Appendix 1 has a typographical error under Action 2.2: Progress to date. The Ministry of Health provided COVID-19 specific guidance for carers of people with dementia, rather than the Ministry of Social Development.
