The *Youth Plan: Reporting on Progress* Cabinet paper provides the first update on the progression of the Youth Plan 2020-2022: Turning Voice into Action - Rebuilding and Recovering (the Youth Plan) for the period July 2020 to January 2021.

The Youth Plan, which was publicly released in July 2020, sets out collective actions that Government will undertake, including partnerships with the youth sector, rangatahi, and communities to mitigate the immediate and ongoing impacts of COVID-19 for rangatahi. The Youth Plan has had several key achievements in its first six-months; this paper provides an update on progress to date.

Please note: The data concerning young people aged between 15-17, which is found in the Appendices to the Cabinet paper (pages 17 and 23) has been collected manually and is therefore invalidated.

Where information has been withheld, no public interest has been identified that would outweigh the reasons for withholding it. This is the key to the redaction codes used for this release:
