This Paper sought Cabinet agreement to adopt a relational approach to commissioning, seven underlying principles and a direction for change. We have also released key advice papers that informed Ministers leading up to their decisions. These papers are a point in time and may not align fully with final decisions.

Some parts of this information release would not be appropriate to release and, if requested, would be withheld under the Official Information Act 1982 (the Act). Where this is the case, the relevant sections of the Act that would apply have been identified. Where information has been withheld, no public interest has been identified that would outweigh the reasons for withholding it. This is the key to the redaction codes used for this release:

- Section 9(2)(f)(iv) - the confidentiality of advice under active consideration
- Out of scope – material unrelated to the information released.
