This release includes papers, minutes and key advice provided by the Ministry of Social Development to Minister Radhakrishnan to support her in seeking Cabinet's agreement to a package of policy products and approach to strengthening social cohesion in Aotearoa New Zealand. This approach responds to recommendations 29, 31, and 37 of *Ko tō tātou kāinga tēnei*, the report of the Royal Commission of Inquiry into the terrorist attack on Christchurch masjidain on 15 March 2019.

Some parts of this information release would not be appropriate to release and, if requested, would be withheld under the Official Information Act 1982 (the Act). Where this is the case, the relevant sections of the Act that would apply have been identified. Where information has been withheld, no public interest has been identified that would outweigh the reasons for withholding it. This is the key to the redaction codes used for this release:

- Section 6(a) - to avoid prejudice to the security, defence, or international relations of New Zealand
- Section 9(2)(f)(iv) – the confidentiality of advice under active consideration
- Section 9(2)(g)(i) - to maintain the effective conduct of public affairs through the free and frank expression of opinion.

Please note – Appendix 4 Social Cohesion - Measurement Framework has a typographical error in the Key data sources table on page 9: the frequency is stated as a 'Biennial' survey, but instead it is a 'post-Censal' survey which runs every alternate Census (so the survey is run every 10 years). Te Kupenga is next scheduled for 2028.
