

**MINISTRY OF SOCIAL
DEVELOPMENT**

TE MANATŪ WHAKAHIATO ORA

14 OCT 2016

Dear 

On 8 September 2016 you emailed the Ministry requesting, under the Official Information Act 1982, information regarding the Ministry's national office relocation to 56 and 89 the Terrace.

The Ministry has recently relocated its national office from the Bowen Street Campus to new premises at 56 and 89 the Terrace. The Ministry first moved into Bowen Campus in 1973. The three buildings of the campus are at the end of their commercial life. With the leases expiring, remaining at Bowen Campus was not an option for Ministry staff as the owners needed the buildings to be vacated to complete a major refurbishment.

In June 2015, approval was given to secure additional temporary space in order to ensure that growth in national office based staff would be accommodated when exiting Bowen Campus. The number of people working at national office fluctuates as the Ministry's work programme evolves, and our organisational structure changes.

Further contextual information, including discussions regarding the alternative options considered and the financial implications of securing the additional space at 89 the Terrace are outlined in the report titled '*National Office Accommodation: securing additional space to meet accommodation requirements*' dated 25 June 2016. A copy of this report can be accessed at the following link:

<http://www.msd.govt.nz/about-msd-and-our-work/newsroom/2016/decision-making-on-msds-national-office-relocation.html>

Due to the large number of people being relocated, staff moved out of Bowen Campus in a staged approach commencing on 22 August 2016. The final move took place on 14 October 2016.

As per our advice on 4 October 2016, your request for an itemised list of all spending regarding both 56 and 89 the Terrace was refused under sections 18(f) and 9(2)(b)(ii) of the Official Information Act as:

- substantial manual collation would be required to locate and prepare all documents within scope of your request. The greater public interest is in the effective and efficient administration of the public service;
- if this information was released, would be likely to prejudice the commercial position of the person who supplied or who is the subject of the information. The greater public interest is in ensuring that the commercial position can be maintained.

I have considered whether the Ministry would be able to respond to your request given extra time, or the ability to charge for the information requested. I have concluded that, in either case, the Ministry's ability to undertake its work would still be prejudiced.

However, please find below the projected costs for 89 the Terrace as at 30 August 2016. The projected costs associated with 56 the Terrace are publically available on the Ministry's website. You were provided with a web link to access this information on 4 October 2016, the web link also includes additional information regarding the reasons for requiring additional space at 89 the Terrace.

Note:

The principles and purposes of the Official Information Act 1982 under which you made your request are:

- to increase the ability of the public to participate in the making and administration of our laws and policies and
- to lead to greater accountability in the conduct of public affairs.

This Ministry fully supports those principles and purposes. The Ministry therefore intends to make the information contained in this letter available to the wider public. The Ministry will do this by publishing this letter on the Ministry of Social Development's website. Your personal details will be deleted and the Ministry will not publish any information that would identify you as the person who requested the information.
